

Accredited Professionals

Fitness Professional registration is the benchmark for fitness industry standards across Australia and internationally. The Fitness Australia registration scheme has been developed by the fitness industry for the fitness industry. The Fitness Professional registration scheme has registered over 13 000 fitness professionals and has a strong interest in maintaining and improving standards across Australia for the benefit of the fitness industry. Registration is recognised as your 'licence to practice' as a fitness professional.

Registration Price Schedules

Recreation SA provides access for South Australian fitness professionals to become part of the national professional registration scheme of Fitness Australia (FA).

Recreation SA is working with Fitness Australia and the industry to improve professional standards within the industry.
