

Are your facilities registered with Watch Around Water

Watch Around Water is a program designed to reduce the number of near misses and drownings in under 10 year olds in public swimming pools.

It empowers your staff and educates the public in their role in keeping the young safe in aquatic facilities.

By registering and being part of this initiative you help provide a consistent message to parents and guardians across the state about their role in public pool safety

Register now for this season

1. Head to www.aquaticrecreationsa.org and click on the Watch Around Water tab
2. Read through the information
3. Complete the registration form
4. Arrange a time for us to come and provide a staff familiarisation/training session

Then

Everyone who enters your facility;

- sees that you are enforcing Watch Around Water
- **is provided with a wrist band for their under 10 year olds**
- **is provided with an educational pamphlet**
- **is informed of their role in their child's safety**

Lets get together and give a consistent message across the state this summer.

Join with Watch Around Water
